PROJECTS

Job Portal Web Application — **In Progress**

Built a full-stack job portal using the MERN stack with ShadCN UI for frontend design and Postman for API testing. Includes role-based authentication, job management, resume uploads, and admin features.
Github : https://github.com/sandhyawani/job-portal

E-commerce Web Application — **oct 2023 - jan 2024**

Developed My Shopping Cart, a full-stack e-commerce web app using Django, Python, JavaScript, HTML,CSS, Bootstrap, and PostgreSQ with features like product listing, shopping cart, and checkout on a responsive UI.
Github : https://github.com/sandhyawani/My-shopping-Cart

Netflix UI Clone — **feb 2024-mar 2024**

Developed a responsive Netflix-style homepage using HTML and CSS, replicating the layout and design elements.
